

3rd Cohort: Call October 2014 ---
 Mobility must start before 2015,
 December 31st

Host HEI: UNIVERSITY OF SKÖVDE / HÖGSKOLAN I SKÖVDE

Type of mobility (Level and duration)	Starting date	Domain – Speciality	Topic - Name of program/degree	Main Language	Explanatory text	Academic Requirements The grade transcripts in original language and an official translation in English are required to be admitted.	Mechanism of recognition and transfer used by your University	Homepage
Undergraduate: exchange student (6 months) Winter Semester Academic year 2015/2016	24/08/2015 (Introweek) 31-08-2015 (semester start)	Engineering	Automation & Production Engineering, Product Design Engineering, Mechanical Engineering	EN	During winter semester engineering courses are offered in English for international students. English and Swedish language courses are also offered. Final Year Project is not offered.	- 2 previous years of engineering studies are required. - English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	ECTS	http://www.his.se/english/education
		Informatics	Computer Science, Information Systems Development, Informatics	EN	During winter semester Computer Science, Information Systems Development, and Informatics courses are offered in English. English and Swedish language courses are also offered. Final Year Project is not offered.	- Students in their second or third year of the Bachelor level. - English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	ECTS	http://www.his.se/english/education
Undergraduate: exchange student (9 months) Complete academic year 2015/2016	24/08/2015 (Introweek) 31-08-2015 (semester start)	Informatics	Computer Science, Information Systems Development, Informatics	EN	Computer Science, Information Systems Development, and Informatics courses are offered in English. English and Swedish courses are also offered. Final Year Project is not offered	- Students in their second or third year of the Bachelor level. - English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	ECTS	http://www.his.se/english/education
Doctorate (Sandwich scheme): exchange student (max. 9months)	Between September 2015 - December 2016	Engineering	Industrial Informatics (Automation & Production Engineering)	EN	Supervised research activity. Exact placement depends on research interests.	- PhD subject related with the research lines conducted in the University of Skövde. - English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	-	http://www.his.se/english/research/virtual-system
			Solid Mechanics	EN			-	http://www.his.se/english/research/virtual-system
			Product Design Engineering	EN			-	http://www.his.se/english/research/virtual-system
		Informatics	Computer Science, Informatics, Information Systems Development, Cognitive Science	EN			-	http://www.his.se/english/research/informatics
Post-Doc (6months)		Engineering	Industrial Informatics (Automation & Production Engineering)	EN	Supervised research activity. Exact placement depends on research interests.	- PhD Degree in the field of study. - English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	-	http://www.his.se/english/research/virtual-system
			Solid Mechanics	EN			-	http://www.his.se/english/research/virtual-system
			Product Design Engineering	EN			-	http://www.his.se/english/research/virtual-system
		Informatics	Computer Science, Informatics, Information Systems Development, Cognitive Science	EN			-	http://www.his.se/english/research/informatics
Staff (3months)		Engineering	Automation & Production Engineering, Product Design Engineering, Mechanical Engineering	EN	Staff from foreign universities are welcome anytime. Best time from sept-dec and jan-jun, but exact times are depending on participation in courses and research projects.	- English requirements - IELTS or TOEFL certificates as below: IELTS: score of at least 6.5 (no less than 5.5 in any section) TOEFL: score of at least 575 (paper-based) or 90 (Internet) and Test of English (TWE) of 4.5 (paper-based) or 20 (Internet)	-
